

Dream Closets for Babies, Kids & Teens

CHILDREN CLOSET

Introduction

Did you know a bedroom closet can be custom-designed to grow right along with your child? From the moment they're born until they leave the nest, they can enjoy using a closet that suits them perfectly at every age.

Custom closets help children stay organized, while giving their bedroom magazine-quality style. At Diplomat Closet Design, we're bursting with creative ideas to design the perfect nursery, child, or teen dream closet.

SWEET IDEAS

Nursery Storage Options

A beautiful baby closet makes every day more fun and organized. Create a nursery dream closet with custom touches just for baby care, laundry, storage, and playtime. Add perfect shelving for diapers, clothing, books and more. We'll make sure every detail is child-safe and built-in, so you have a sturdy closet that benefits your child for a lifetime.

CUSTOM IDEAS

Closets for Kids of All Ages

From toddlers to pre-teens, young children need closets that suit their age and needs. We'll install custom details like height-appropriate clothing rods, easy-slide drawers, storage cubbies, labeled laundry hampers, and more. You can even add a reading nook or low seat just for tying their shoes. Your child will love having a special closet made just for them.

PRACTICAL IDEAS

Teen Closets with Storage and Style

For a teenager, a closet is a special space. It holds all of the clothing, accessories, shoes, and other gear that's a part of their changing world. Give your teen the gift of a custom-designed closet that helps them stay organized. We can create built-in storage options with stylish finishes and hardware that suit your teen's tastes and matches the overall style of your home.

GEAR & HOBBY IDEAS

Storage for Your Uninque Child

Every child has personal interests that make them unique. Support their special hobbies by providing ample storage for sports gear, dance uniforms, art supplies, and more. No matter the storage challenge, we can custom-design the perfect solution with built-ins, cabinets, drawers, open shelving, and a wide array of hooks and holders.

SAFE IDEAS

Always Stylish, Always Safe

Is safety a top priority for your child? We understand. At Diplomat Closet Design, we can create a custom closet that blends style with safety down to every detail: safety hooks, inset drawer pulls, child-safe closures, hidden hinges, rounded corners, soft seating, and much more.
